

**MOST ESSENTIAL SIGNAL**

Traffic authorities will say that the motorist's three hand signals are equally important, but that is because they wish the motoring public would so treat them. They don't actually believe it.

The most important of the three signals—and the motorist who does not know it and act accordingly nearly always comes a cropper eventually—is that for the left turn. It involves by far

**INJURIES**

Approximately 250,000 finger injuries, 60,000 toe injuries and 75,000 eye injuries of a disabling nature occur annually in occupational accidents, the National Safety Council reports. Of these, 25,000 finger injuries, 3,500 toe injuries and 5,000 eye injuries are of a permanent nature.

the greatest conflict with other vehicles.

**NEW RULING NOW PERMITS PARCELS SENT TO GERMANY**

Gift parcels can now be mailed to all parts of Germany, except the portion under Polish control.

The parcels cannot exceed 22 pounds in weight nor be more than 72 inches in length and girth combined. Persons can send only one parcel a week to the same address.

Restrictions on contents ban writing or printed matter, tobacco products, money, firearms and non-essential luxury items including jewelry, perfumes and cosmetics.

**Many Veterans Not Filed For Terminal Leave**

One veteran in every three has not yet filed his application for enlisted terminal leave pay, and he has only until Sept. 1, just two months from now—to make application, J. G. Caldwell said today.

Veterans are eligible for unused leave at the rate of 2½ days leave for each 30 days of service as an enlisted man or woman between Sept. 8, 1939 and Aug. 31, 1946. Men in service after Sept. 1, 1946, are taken care of by their military organization, but all who were honorably discharged or separated before that date must file an application blank to receive benefits.

Caldwell emphasized that claims may be filed by guardians of incompetent veterans and the next of kin of deceased veterans. Only a few of the eligible claimants in these two groups have filed applications.

Further information regarding the unused leave pay and assistance in filling out the necessary papers may be obtained at Torrance Area Veterans Service Center, located at 1239 Post

**No Profit For Morticians In The Return of Veterans' Bodies to U. S.**

J. Hugh Sherfy, Jr., of Stone & Myers mortuary, denied today that the American mortuary profession advocates the repatriation from overseas of the remains of those who gave their lives in World War II, or that it expects to profit from repatriation.

"I am sure that I voice the sentiments of an overwhelming number of morticians," Sherfy declared, "when I say that we believe the question of repatriation is too sacred a one to be decided except by the next-of-kin."

"While we funeral directors can furnish authentic information concerning the repatriation program, the question of whether a Gold Star hero's remains should or should not be repatriated can be decided only by the next-of-kin with, perhaps, the sympathetic help of one close to the family."

Sherfy pointed out that the government's provisions for repatriation have placed funeral directors "in a most delicate position."

"The government is responsible for preparing, casketing, and forwarding remains to their final destinations, while our role is simply to receive them, upon request of the next-of-kin, and when requested to do so, to furnish our facilities and professional services for a funeral or memorial service."

When the repatriation program gets under way, local funeral directors will be charged with meeting remains upon their arrival, regardless of the hour, and conveying them from the point of arrival to the mortuary, the home of the next-of-kin, or other designated place.

"Should anything go wrong, the receiving funeral director is most likely to bear the brunt of criticism, even though he may not be at fault, which of course puts us in a difficult position."

Funeral or memorial services held in connection with repatriation cases, he said, will entail practically as many details as does the usual funeral service, yet the government has allotted THOUSANDS WILL ATTEND N.Y.-N.J. PICNIC AT BEACH

Several thousand persons are expected to attend the New York New Jersey joint annual picnic to be held at Bixby Park, Long Beach, all day Sunday, July 13th, featuring an outstanding two hour variety program commencing with the Long Beach Municipal band at 1:00 p. m. Registration lists will be conveniently placed where all may register and make it easy to meet friends from the old home state.

Lunches may be purchased on the grounds by those who do not care to bring a basket dinner. The public is invited.

**CCCOP Picks Hobro Chairman For New Year**

The Conservation Committee of California Oil Producers held its annual election of officers at its recent organization meeting. Wm. L. Hobro, who serves on the committee as a representative from the Dominguez-Rosecrans district, and is an employee of Shell Oil Company, Inc., was elected chairman.

According to Hobro, the need for oil conservation by full and efficient utilization of natural reservoir energy becomes increasingly important in light of the ever-increasing use of petroleum in our modern economy and as a necessary safeguard to the national interest. The work in which the committee is engaged is to promote greater efficiency of crude oil production through modern techniques to attain the greatest ultimate yield of petroleum from underground reservoirs. The program in California, while voluntary, has nevertheless proven extremely effective.

The other officers elected for the ensuing year are: secretary, R. A. Holman, of Amerada Petroleum Corporation, representing the Coalinga East District; first vice chairman, T. H. Sherman, of Huntington State Company, representing the Huntington Beach district; and second vice chairman, H. S. Stark, of Honolulu Oil Corporation, representing Buena Vista Hills and Elk Hills.

The election of new officers follows the general election of district committees by oil operators throughout the state, which was held in May.

**Harbor District Chambers Slate July Meeting**

The Harbor District Chambers of Commerce will conduct their July general meeting today at 3569 W. Manchester Blvd., Inglewood, it was announced this week by Leopold L. Wilder, secretary.

The business session will be conducted at 4:30 p.m. and the dinner at 6:30.

Guest speaker at the meeting will be H. L. Byram, Los Angeles County Treasurer and Tax Collector. Byram's subject of the evening will be "Duties of the Tax Collector," a topic of interest to everyone.

**If You Rent a Private Garage, Tell The Police**

Owing to the increase in motor vehicles stolen from private garages, private property owners who rent their garages or garage space to private individuals are advised that it is necessary under Section 441 of the California Vehicle Code to make reports to the Police department within 24 hours after they have rented such garage.

It is necessary, under this section of the code, that within 24 hours after the vehicle is stored in the garage, that the name of the tenant and description of the automobile, including the name or make, the motor or other number, and license number, be immediately sent to the Police department. Failure to comply with this section constitutes a misdemeanor.

**50th YEAR Eastside BEER**

Back east De Wolf Hopper was reciting "Casey at the Bat;" the "Four Cohans" were headliners on the vaudeville stage; Frank Daniels, Nat Goodwin, Lillian Russell were big names. Jack Norworth and Nora Bayes had everybody humming "Honey Boy"—in 1897 when Eastside trickled down the first thirsty throats—in Los Angeles. The good old days! No strikes, no atom bombs to haunt your midnight dreams. Good food and good old Eastside—and plenty of both.
